## Vehicle Security Systems

This file has had a major update on 11-16-04

### \* Please Note \*

If you do not see a vehicle on the list below, our available sources indicate it **does not** have a factory anti-theft system. This is the latest information based on our current sources. If anyone finds an error or omission please forward that info to us so we can keep this file as up to date as possible. Thanks

The Following is a list of vehicles which have been equipped with ignition lock assembly or key related security systems.

If vehicle is not listed here, please contact us at [Nets@prodigy.net](mailto:Nets@prodigy.net), or **1-888-NET-EXAM (638-3926)** as we have many other information sources available to us. We will be happy to answer questions for you.

**VATS** - Vehicle Anti Theft System

**MATS** - Mechanical Anti Theft System

**MRD** -

1. Mechanical Rotating Device
2. Magnetic Resonance Device
3. Pass Lock I

This is intended for information purposes only. This is based on available published references derived from many sources & not independently verified by us.

### Special Notice: !!!!!

If you have a reported theft of a vehicle equipped with a Transponder Anti-Theft System it is **extremely important** to determine if the vehicle has a **remote start capability**.

For more information contact us at NETS. [Nets@prodigy.net](mailto:Nets@prodigy.net) or **1-888-NET-EXAM (638-3926)**
